

# The Loop

One agricultural crop that is becoming better known in our days is the grape. Grapevines are everywhere in America, from New York and Virginia on the East Coast to California and Washington on the West Coast. Driving by a vineyard and seeing row after row of flourishing vines is a visually pleasant experience. Jesus speaks to the disciples and us that He is the true vine and we are the branches. He says that God looks for us to be fruit-bearing as we are grafted into our life-giving Lord. Through our worship together, we are nourished in fruitfulness by the Holy Spirit.
